SUBJECT: Antone Shale Quarry - Permit
State Application Identifier #UT870331-010

Dear Mr. Wham:

The Resource Development Coordinating Committee of the State of Utah has reviewed this proposed action and the Division of State History comments:

Our records indicate that the site of the open pit shale mine has not been surveyed for historic and cultural resources, and we know of no sites listed on or eligible for the National Register within the project boundaries. The possibility of cultural resources within the project boundaries should be considered in this proposed action.

The above is provided on request for assistance as outlined by 36 CFR 1800 or Utah Code, Title 63-18-17. If you have questions or need additional assistance, please contact Charles Shepherd at (801) 533-7039.

Thank you for the opportunity of reviewing this document. Please address any other questions regarding this correspondence to Carolyn Wright (801) 533-4971.

Sincerely,

Michael E. Christensen
